

## Sample Prayers from THE SPIRIT

### SPIRIT TO SPIRIT (private prayer before you speak)

*Father, we thank You for the privilege of getting to speak to our brothers and sisters today. We recognize that there are people with authority here that have made selfish choices and spoken words that could interfere with Your will being done. For those You have sent us to speak to today, we ask You to call their spirits to attention where they are seated in heavenly places. When we choose to speak Your will today, and they have chosen to receive those words, we ask that You would transfer the full impartation, including every seed, directly into their spirits. We trust that by doing this, Your will is done. We rest in this place. Amen.*

### OUR BREATH

*Father, we ask You to anoint our breath that we might be sent in the same way that You sent Jesus so we can speak Your presence into those that You have called us to minister to. We thank You Lord that people will be touched by You through Your sons and daughters whom You call a royal priesthood. Amen.*

### SPIRITUAL INTIMACY (Seven Spirits of God)

*Father, we make the free choice of connecting with You through our spirits first and our soul second. We choose to believe in faith that You are in communion with us in heavenly places where we are seated. We trust that the fruit of this communion will be deeper intimacy and that we will be molded into Your character. We freely receive the manifestation of this through Your seven spirits. We receive Your authority so that all of creation will recognize us as Your children. We receive Your wisdom that we can be responsible to handle the resources You've given us. We receive Your understanding so we will know the context of the missions You send us on and affect a greater scope of our calling. We receive Your counsel so we can learn how to respond to issues the way You would respond. We receive Your might and power so we can liberate creation from the bondage to decay and participate in the restoration of all things. We receive the knowledge of God that we might know the things that only You know such as the history that is not written in any history book. We receive the fear of God that we might be in awe of You, and in turn realize that as Your children, we are capable of anything You call us to without exception. Amen.*

### SPIRIT WORSHIP

*Father, now that we have Your seven Spirits within us, we choose to believe that our worship of You is continuous. We celebrate the fact that in heaven, we are praising Your name and honoring You by becoming all that You created us to be!!! Amen.*

### ETERNAL SPIRIT

*Father, we choose to live in the eternal place that every decision we make has a lasting impact. We rest as we proceed forward towards the prize, receive our daily portions of Your will done, and trusting that we will succeed at rescuing our siblings that You have called us to get. We know that our eternity together will be perfect, as You have declared it. Amen.*
