Sample Prayers - Chapter One: Picking Locks

GEOGRAPHIES

“Pappa, we need to know the location of selfishness in our souls. We ask You to reveal each of these roots so we can be fully free. Show us the places where trust was self-sourced, and so failed. Make known the places where we have bowed to shame and reacted by dressing it up in a tuxedo called pride. Unveil the chain reactions that lead us to seek pleasure instead of You. Let the Light reveal the truth, and the Truth set us free! Amen.”

REVOKING LICENCES

“Pappa, we receive Jesus as our Rock and Savior, the Holy Spirit as our Nurturing Navigator, and You as our Father God. We respond as Your children by living in the Light of Your presence. We ask You to bring our daily bread revelation of every choice of selfishness that is keeping us in bondage. We forgive those parts of our souls that are manifesting these things: fear and self hatred, anger and self protection, my will / my way, self promotion through addiction to idols, and self preservation by isolation. We wash these places with the Blood of Jesus and they are all purified and redeemed. We are restored to the people of God You created us to be.

By the Blood of Jesus, every covenant of selfishness is dissolved, and the programmed decisions of self are dismantled. We revoke the licenses of fear and self hatred, anger and self protection, my will / my way, self promotion through addiction to idols, and self preservation by isolation. The locks on our hearts are picked so the gates can be opened for the Shepherd to come in! We forgive our forefathers, all those we have been in covenant with, and all those who hurt us. We are all now purified, redeemed, and restored back to You. We hurl down the accuser. Amen.”

Sample Prayers - Chapter Three: Moved

“Pappa, we don't always know where you are going or what we will find there. But we know You will God be with us. We choose to not be swayed by what surrounds us, but moved by the God we have come to know. We gathered souls know now how to live within Your presence anywhere we are and choose to live motioned, moving lives. Amen.”
