

## T16 (Legacy) Sample Prayer

### COVENANT IDOLS

*“Pappa, I repent of being my own source. I repent of self pity, self protection, self pleasure, and self promotion. I receive the Blood of Jesus, and the covenant is dissolved. I am now purified, redeemed, and restored back to You. The defilement of idolatry is washed away.”*

### THE CLOUD FROM HERE

*“Jesus, we the maturing sons and daughters of God accept Your proposal of marriage with a resounding, ‘YES!!!!’ From here, we are in one flesh covenant with You on earth as it is in heaven. And so we receive on earth the access that we have in heaven: one flesh with You across all of time. We trust You Pappa to establish Your will for what we have access to, and we ask You Holy Spirit to sanctify our purposes, and navigate us to His way. From now on, we are fully the impossible made possible on earth. Our scope has been expanded without borders. There is nothing we can not do now. Amen.”*

### THE ROAR OF HIS VOICE

*“Pappa we accept Your call to be royal priests that express the roar of Your voice on earth. We choose to move with the truth, authority, and power You’ve given us to shake the world of the deception of selfishness and into the Light of who You really are! We choose to express heaven just as Ezekiel, Isaiah, and Hosea did. Let us be radical in our responding to Your voice inside us, so our expressions outside of us are resounding!!! Amen.”*

### EL SHADDAI

*“El Shaddai, Holy Spirit, come and nurture us into the people our Father created us to be! We receive You as the One who leads us through maturity, pushing us out of the nest so we can take our first flight. Be the return that leads us back to the nesting place, so Your shekinah will glue us together. We ask You to navigate us to the will of the Father, and to sanctify the words He gives us to His way, so it will always go well with us. We thank You for Your love. Amen.”*
